# QUÉBEC

Au moment de la publication de ce document (14 février 2019, le seul hôpital au Québec ayant une politique sans parfum est seulement le service des urgences de l'Hôpital de Hull à Gatineau. Si vous avez une hypersensibilité environnementale (HE), une visite dans un hôpital au Québec vous exposera à un risque de réaction du à vos hypersensibilités. L'alternative la plus sûre pour les personnes souffrant d'HE vivant au Québec serait de visiter des hôpitaux situés dans des provinces voisines telles que l'Ontario, le Nouveau-Brunswick ou Terre-Neuve-et-Labrador, où des hôpitaux dotés de politiques sans-parfums existent.

# NUNAVUT

## NUNAVUT N'A PAS D'HÔPITAUX AVEC UNE POLITIQUE SANS PARFUM

Si vous avez une hypersensibilité environnementale (HE), une visite dans un hôpital du Nunavut vous exposera à un risque de réaction due à vos hypersensibilités. L'option la plus sûre pour les personnes atteintes d'HE vivant au Nunavut serait de visiter des hôpitaux situés dans des territoires voisins, tels que les Territoires du Nord-Ouest ou le Yukon, où des hôpitaux dotés de politiques sans-parfums existent.
