

1-decanol

National Center for Biotechnology Information (NCBI). (n.d.). 1-Decanol (PubChem Compound Summary, CID 8174). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/1-Decanol>

1-dodecene

National Center for Biotechnology Information. (n.d.). 1-Dodecene (PubChem Compound Summary, CID 8183). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/1-Dodecene>
United States Environmental Protection Agency. (n.d.). ChemExpo Knowledgebase: DTXSID5026914. CompTox Chemicals Dashboard. Retrieved April 28, 2026, from <https://comptox.epa.gov/chemexpo/chemical/DTXSID5026914/>

1-heptanol, 4-methyl

National Center for Biotechnology Information. (n.d.). 4-Methyl-1-heptanol (PubChem Compound Summary). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/4-Methyl-1-heptanol>

1-Heptene

National Center for Biotechnology Information. (n.d.). 1-Heptene (PubChem Compound Summary, CID 11610). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/1-Heptene>

1-Hexadecene (Cetene)

National Center for Biotechnology Information. (n.d.). 1-Hexadecene (PubChem Compound Summary, CID 12395). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/1-Hexadecene>

1-Propene, 3-methoxy-

National Center for Biotechnology Information. (n.d.). 1-Propene, 3-methoxy- (PubChem Compound Summary, CID 69392). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/1-Propene_-3-methoxy

2-Propanol, 1-(2-methoxy-1-methylethoxy)- [DPGME]

National Center for Biotechnology Information. (n.d.). Dipropylene glycol monomethyl ether (PubChem Compound Summary, CID 25484). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/Dipropylene-glycol-monomethyl-ether>

2-Propanol, 1-(2-methoxypropoxy)-

National Center for Biotechnology Information. (n.d.). 1-(2-Methoxypropoxy)-2-propanol (PubChem Compound Summary, CID 25982). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/1-_2-Methoxypropoxy_-2-propanol

2-Chloro-3,3,3-trifluoropropene

National Center for Biotechnology Information. (n.d.). 2-Chloro-3,3,3-trifluoroprop-1-ene (PubChem Compound Summary, CID 2736716). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/2-Chloro-3_3_3-trifluoroprop-1-ene

5-Hepten-2-one, 6-methyl- (Sulcatone)

National Center for Biotechnology Information. (n.d.). 6-Methyl-5-hepten-2-one (PubChem Compound Summary, CID 9862). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/6-Methyl-5-hepten-2-one>

Butane, 1,1,1,3,3-pentafluoro-

National Center for Biotechnology Information. (n.d.). 1,1,1,3,3-Pentafluorobutane (PubChem Compound Summary, CID 67884). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/1_1_1_3_3-Pentafluorobutane

Cyclohexane, 1-methyl-4-(1-methylethyl)-, cis-

National Center for Biotechnology Information. (n.d.). Cyclohexane, 1-methoxy-1-methyl-4-(1-methylethyl)-, cis- (PubChem Compound Summary). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/Cyclohexane_1-methoxy-1-methyl-4_1-methylethyl_-_cis

Cyclohexane, 1-methyl-4-(1-methylethylidene)-

National Center for Biotechnology Information. (n.d.). Cyclohexane, 1-methylene-4-(1-methylethylidene)- (PubChem Compound Summary). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/Cyclohexane_1-methylene-4_1-methylethylidene

Miljødirektoratet (Norwegian Environment Agency). (2021). Risk assessment of VOCs in handheld toys for children (Report No. M-2114 | 2021). <https://www.miljodirektoratet.no/sharepoint/downloaditem?id=01FM3LD2TCNRTCK6OHO5AYV3SKI6BTG5B4>

Cyclopentene, 1,3-dimethyl-2-(1-methylethyl)-

National Center for Biotechnology Information. (n.d.). Cyclopentene, 1,3-dimethyl-2-(1-methylethyl)- (PubChem Compound Summary, CID 579282). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/Cyclopentene_1_3-dimethyl-2_1-methylethyl

Decane, 2,3,4-trimethyl-

National Center for Biotechnology Information. (n.d.). 2,3,4-Trimethyldecane (PubChem Compound Summary, CID 537769). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/2_3_4-Trimethyldecane

Decane, 3,7-dimethyl-

National Center for Biotechnology Information. (n.d.). 3,7-Dimethyldecane (PubChem Compound Summary). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/3_7-Dimethyldecane

Dodecane, 2,6,1,1-trimethyl

National Center for Biotechnology Information. (n.d.). 2,6,11-Trimethyldodecane (PubChem Compound Summary, CID 35768). PubChem. U.S. National Library of Medicine. Retrieved April 28, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/2_6_11-Trimethyldodecane

Ethene, 1-chloro-1-fluoro-

National Center for Biotechnology Information. (n.d.). 1-Chloro-1-fluoroethene (PubChem Compound Summary, CID 75344). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/1-Chloro-1-fluoroethene>

Ethene, 1-chloro-2-fluoro-

National Center for Biotechnology Information. (n.d.). 1-Chloro-2-fluoroethene (PubChem Compound Summary, CID 68026). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/1-Chloro-2-fluoroethylene>

Heptadecane, 7-methyl-

National Center for Biotechnology Information. (n.d.). 7-Methylheptadecane (PubChem Compound Summary, CID 30398). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/7-Methylheptadecane>
The Good Scents Company. (n.d.). 7-Methyl heptadecane (CAS No. 20959-33-5). The Good Scents Company Information System. Retrieved April 29, 2026, from <https://www.thegoodscentscompany.com/data/rw1389431.html>

Nonane, 3-methyl-5-propyl-

National Center for Biotechnology Information. (n.d.). 3-Methyl-5-propylnonane (PubChem Compound Summary, CID 519628). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/>

Nonane, 4-methyl-

National Center for Biotechnology Information. (n.d.). *4-Methylnonane* (PubChem Compound Summary, CID 11597). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/4-Methylnonane> (pubchem.ncbi.nlm.nih.gov)

Octane, 2,3,3-trimethyl-

National Center for Biotechnology Information. (n.d.). 2,3,3-Trimethyloctane (PubChem Compound Summary, CID 537321). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/2_3_3-Trimethyloctane

Octane, 2,4,6-trimethyl-

National Center for Biotechnology Information. (n.d.). 2,4,6-Trimethyloctane (PubChem Compound Summary, CID 545612). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/2_4_6-Trimethyloctane

Octane, 2,5,6-trimethyl-

National Center for Biotechnology Information. (n.d.). 2,5,6-Trimethyloctane (PubChem Compound Summary, CID 545571). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/2_5_6-Trimethyloctane

Octane, 3,6-dimethyl-

National Center for Biotechnology Information. (n.d.). 3,6-Dimethyloctane (PubChem Compound Summary, CID 85927). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/3_6-Dimethyloctane

Pentadecane, 6-methyl-

National Center for Biotechnology Information. (n.d.). Pentadecane, 6-methyl- (PubChem Compound Summary, CID 24945). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/Pentadecane_6-methyl

Propanoic acid, 2-methyl-, 2,2-dimethyl-1-(2-hydroxy-1-methylethyl) propyl ester

National Center for Biotechnology Information. (n.d.). Propionic acid, 2-methyl-2,2-dimethyl-1-(2-hydroxy-1-methylethyl)-, propyl ester (PubChem Compound Summary, CID 91751399). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/91751399>

Propene, 1,3,3,3-tetrafluoro-

National Center for Biotechnology Information. (n.d.). 1,3,3,3-Tetrafluoropropene (PubChem Compound Summary, CID 2776729). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/1_3_3_3-Tetrafluoropropene

Undecane, 5-methyl-

National Center for Biotechnology Information. (n.d.). 5-Methylundecane (PubChem Compound Summary, CID 11824). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from <https://pubchem.ncbi.nlm.nih.gov/compound/5-Methylundecane>

Undecane, 6,6-dimethyl-

National Center for Biotechnology Information. (n.d.). 6,6-Dimethylundecane (PubChem Compound Summary, CID 28474). PubChem. U.S. National Library of Medicine. Retrieved April 29, 2026, from https://pubchem.ncbi.nlm.nih.gov/compound/6_6-Dimethylundecane
